

HOTEL ANTICO ACQUEDOTTO

Roma, Lazio

General measures against COVID

- Frequently sanitize hands with soap and water and with products made available to the customer.
- Avoid touching the eyes, nose, and mouth.
- Constantly wear nasal mask without valve (should cover both mouth and nose)
- Coughing and sneezing with an elbow or a handkerchief, to be thrown away immediately afterwards.
- Always maintain an interpersonal distance of not less than one meter.
- Avoid close contact, handshakes, and hugging with others.

Specific prevention measures against COVID-19 at the Hotel Antico Acquedotto

- All Hotel de la Ville staff members wear oronasal masks and latex gloves throughout their shift.
- All guests of the Hotel de la Ville must also wear oronasal masks, whether they are owned or provided by the hotel, at all facilities except in the room itself or when seated in the restaurant.
- All workers before the start of their shift and all guests before check-in will be temperature checked with a thermo-scanner.
- All rooms are continuously sanitized with disinfectant products.
- All aeration characteristics of the premises and ventilation systems have been verified and all filter packages of the aeration and/or air conditioning systems have been cleaned, disinfected and, where appropriate, replaced.
